

Appeal

**Presidium of the Polish National Veterinary Chamber
of 8 March 2022 r.**

**in the matter of suppression the Russian National Veterinary Chamber
in the rights of an FVE observer**

In relation to unaccepted, barbarous attack by the Russian Federation on the Ukrainian Nation and the Ukrainian State, the Presidium of the Polish National Veterinary Chamber appeals to the FVE Board to immediately suspend the Russian National Veterinary Chamber in the rights of an FVE observer.

The actions of the Russian Federation, including acts of genocide, exclude Russia from a civilized European international community, that is based on respect for the right to life and human dignity. The above should result in ostracism of the European international community towards all organizations from this country.

Therefore, in the present situation it becomes unacceptable for Russian National Veterinary Chamber to participate in any form in FVE doings, even as an observer.

Jacek Łukaszewicz DVM

Secretary of the Polish National
Veterinary Council

Marek Mastalerek DVM

President of the Polish National
Veterinary Council
